Hi There, My name is Grisha! I'm Puppets, Props & Costume Technology Artist and I'm really passionate about what I'm doing!

I love to be challenged by interesting projects. Experience I have from multiple shows and events helped me to find the most creative approach to the tasks and deliver great quality of the products. Through the years I was able to successfully master a wide range of skills by pushing myself to the limits and always being open to new knowledge.

Let's get familiar with the projects I've done over my career ...

Thread of Time

Giving proper knowledge and support in the construction build of the costumes for the students of the Sharjah Performance Art Academy fashion Show.

K-AI Showcase

Full scale robot costume for the educational show made by the local event company “Dune Productions”. Design by me and fabricated by the Flow Team

Osaka Expo 2025

Unique accessories to represent Arabian culture designed by Paula Ryan costumes and made for the Expo 2025 in Osaka by The Flow team.

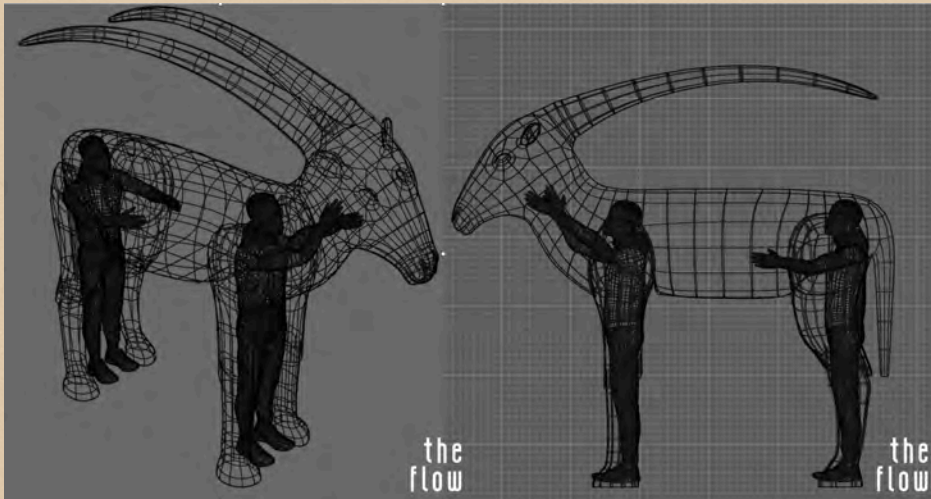

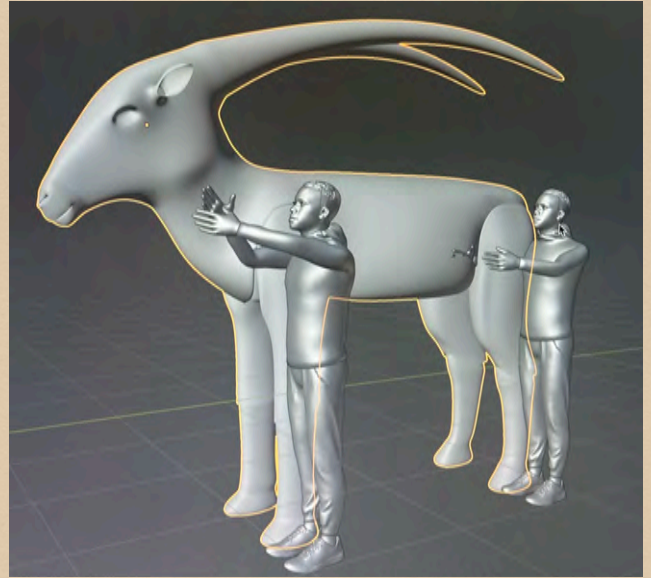

Qatar Floating Parade

Another great collaboration between the Flow and SK Events. The Floating Ship with the structured dress were one off the eye catching moments of the show

UAE National Day 54

The biggest event of the UAE - the National Day... every big event ca't be done without puppets designed & produced by "The Flow" You can see how Curved oryxes come from the carving to the real life.

Gitex

Stunning robot costumes for the performers from LA who took the stage on the biggest Tech event of Middle East. Even was for the Local communication brand - Etisalat. Event was directed by the local event company Series by Zinaida

Hot Air Ball Festival

Costumes for the photo zone in Saudi Hot Air balloon festivals for the Balish Studio. It was an interesting experience doing props & the costumes for this great company. We were able to deliver amazing quality costumes & the Prop background

Percy Jackson & the lighting Thief

Collaboration with the Sharjah Performance Art Academy was a massive success. The props and puppets we designed and built for the show were on the next level. Students were able to see themselves a process of creating something as stunning as what we did.

Qatar Luminous Festival

Magic capes with fiber optic technology enlightened the event and became the favorite part for the selfie lovers

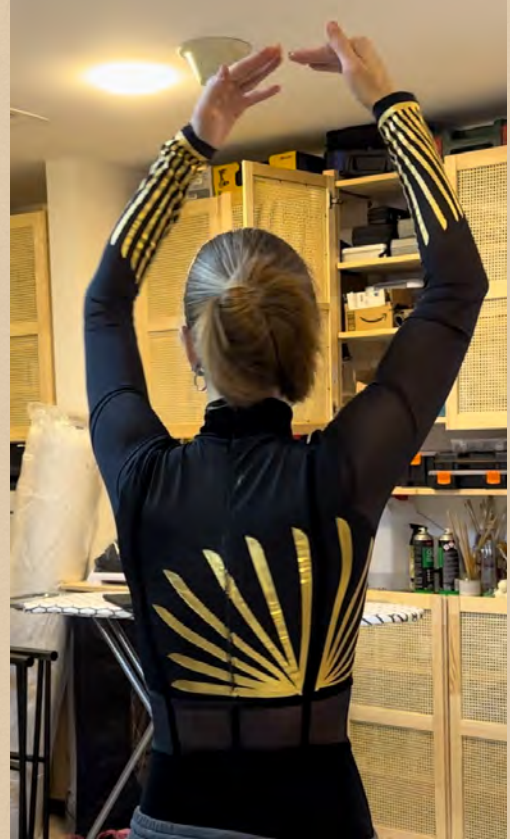

1-st Youth GCC Games UAE 2024

Falcon Puppet made by us made the show special and brought it to another level. Thanks to our engineering this puppet was easily mastered by the puppeteer even without necessary skill before that.

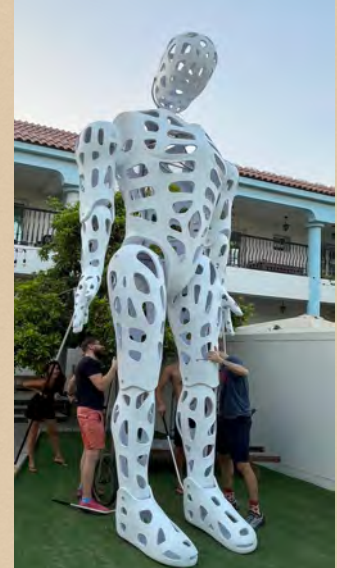

ADIPEC Event for DIOD Ent.

Skirt Designed and made by our company catches the key with the amazing range of movements and the shape. Best choice of materials and unique prints made this skirt to be light and really functional.

Giant for the SKE Entertainment

The inspiration for that project was a Dundu Puppet but we did it in our own way! The Puppet Easy to put together and transport to the places! With it's own features! It such as light and full range of motion like a real human being. It will make any event special and unique.

Dance It Out Dubai For IIFA Event

It was absolutely amazing project with one of the most creative companies In Dubai. We with the team were able to deliver standing Camel Puppet - "Peanut" who became one of the True stars of the show.

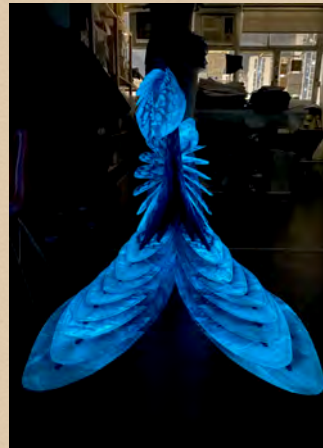

Woodford Folk Festival

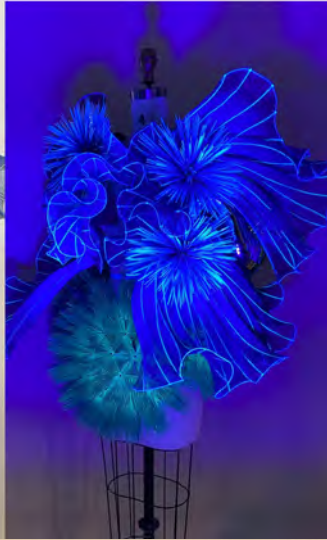

Working closely with the designer and main Costume Tech Jozef Koda I had first experience in puppet making! There were 3 Phoenix Puppets made in general and they still getting used every time Woodford is happening.

“Awakening” Las Vegas

Costumes made during my employment at Limelight LLC in Home Kong. We had to make costumes from the scratch by working closely with the designer Soyon Ann and the Creative director of the Limelight company Jozef Koda!

“Untrainable” Universal Studio Beijing

This is something I'm truly proud of! 400 costumes, 24 designs...This project gave me knowledge like no other because bulky look had to be practical, flexible to any range of movements! Collaboration between Mirena Rada, Limelight LLC and J1K Costumes made it work perfectly

“Parade” Universal Studio Beijing

Separately to the Untrainable we gave support on the Parade projects for the Universal Studio Parks. The Minions headpieces should have looked unique and we achieved it by using interesting materials and techniques.

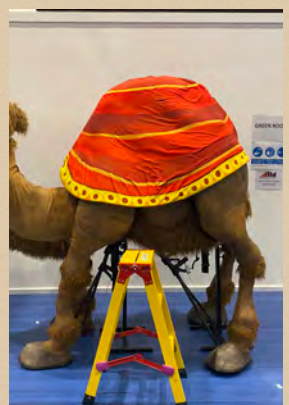

Norwegian Cruise Line

Unique costumes with variety different patterns were produced by us and Limelight team in Hong Kong for the NCL entertainment show

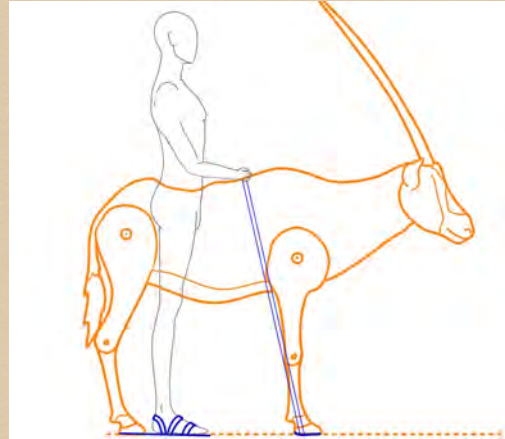

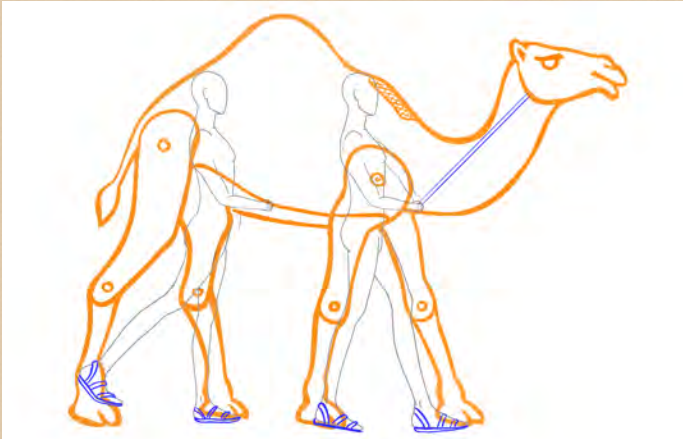

Expo 2020 Dubai

Role of Costume Maintenance Supervisor gave me an opportunity to get better building and managing team! We were able to achieve successful run of the shows, quality maintenance and deadline targeting. I have also been involved in producing some parts of the costumes for the special shows and events.

Dan Bolton For DEWA Event

Collaborating with local Dubai event company was a pleasure for the DEWA Gala Diner Event. I gave a life to 2 Beautiful Puppets: Oryx and Camel. Both are human operated. Design, Technical aspects and Assembly were done by me.

La Perle by Dragone

La Perle theater will remain in my heart forever! It was my first exposure to the big theater and my first big steps to the costume making. I was able to learn from the of the best creators I the world.
